

Gatehouse Volunteer Opportunities

Think about what it takes your family to thrive, multiply it by 85, and you get an idea of the time, talents, resources and love that it takes to empower Gatehouse women and kids to change the trajectory of their lives forever.

Gatehouse volunteers directly impact the lives of The Gatehouse families. With over 600 volunteer shifts posted per month, our volunteers help in virtually every area at The Gatehouse, from office administrative work to setting up apartments and tutoring children. Every shift touches the lives of Gatehouse families and plays an important part in achieving our mission.
